Protocols and incantation by David Burrows, Simon O’Sullivan, Motsonian, Mark Jackson, Alex Marzeta & Vanessa Page to divine the future of Chinkers (money) and Mun-knee-snakers (money-makers) and whether b1t-c0in-f@iry is a snake or the end of snakes.

The group, being neither Hoodpicks nor Fizgigs, will make a drone and incantation and projections to slow and summon the virtual, crypto-currency-spirit Bit-Coin (the highest evolved form of off-world fairy-kind-finance) and ask it some questions. The fairy *Valerie Solaris AKA @32ACP Amazon.co.uk recommends “Pacific Rim”* will be on hand to protect all attending and performing the ritual.

Bit Coin Fairy Song

Bit Coin Fairy, Fairy Fairy Bit Coin,  
Bit Coin Fairy, Fairy Fairy Bit Coin,  
Where is your coin, where is your head?  
Why are you hiding, do you have a head?

Are you witch?  
A golden chain?  
Or are you the block  
free from pain?

Bit Coin Fairy, Fairy, Fairy Bit Coin,  
Bit Coin Fairy, Fairy, Fairy Bit Coin,  
Where are the bitch-coins, are they all dead?  
Are we your bitch-coins, your digits and bread?

Are you a witch?  
A golden chain?  
Or are you the block  
free from pain?

Questions for the bit coin fairy

1. You are everywhere bit coin fairy, yet we trap you creeping around a wood, sneaking around a playground for human halfpenny’s. Why so secret bit coin fairy? Why so crypto?
2. Is this where you live, in the wood, or do you live everywhere, in the wallets of Androids, in the pockets of humans? Where do you live?
3. You may live here and there, bit coin fairy, but you are only one megabyte in size. How will you grow bigger, how will you grow fatter and survive, and remain big and virtually no size at all? Hey Bitch Coin! You have been hacked, your rate is falling, you’re getting smaller! How will you grow and survive?

4. How long is your chain? Can you see everything? Can you see each and every network? (Where is all the money bitch coin, and we mean all the money?)

5. We snakey-bankers are awaiting the killer bit-coin app to kill all snakey-bankers. Are you a killer in the making, bit coin fairy? How many snakey-bankers will bite the bit-dust, bit coin fairy? How many snakes will die?

6. You may be virus or spirit (of money). But! You are not cheap Bit Coin Fairy. You eat more energy than the Google Giant (and that is a Google fact). Why should we feed you Bit Coin Fairy? What should we feed you?
