1. Feedback Loop – phasing – negative feedback loop

Phylogenetic Units, Feather and Bark

Phylos squaaks and squeaks, Feather and Bark

Phylo loops are pumping blood

Feedback loops are pulsing blood

Phylogenesis speaks, teeth and beaks

Teeth eat beaks, who runs from beaks?

Phylo loops are pumping blood.

Hot sharp stink on the breeze

Twitch-witch-yelp

qwaking-assemblage-freeze

Feather-vomit-kelp

There's carnivores and herbivores,

Would you rather be a dick than a sallower?

Bark eats feather, minus one feather

Bark eats mate, minus two feathers

Bark eats offspring, minus five feathers

Now bark is dead, skinny-rib dead.

Now bark is dead, worm-eye dead.

Now bark is dead, two feathers make hay

Now bark is dead, they make hay and lay

There's carnivores and herbivores,

Would you rather be a dick than a sallower?

2. call and response – negative-affirmative loop

I am an ontogenic unit

You are an ontogenic unit

I am an ontogenic unit

You are an ontogenic unit

Bare with me, bare with me

Hear all loop-chains of command

Entropy has no face.

Your body is steam and ice.

I can't hear the loop chain.

Repeat, repeat, repeat

Change track, Change the track.

Change the track

There are senders and receivers,

Would you rather be a sender than a

swallower?

Message – delay – repeat.

You are a thermostat.

Message – delay – repeat.

You are a thermostat.

Message – delay – repeat.

You are a thermostat.

warm, hotter, hot

Cool, Colder, Cold

3. Positive feedback loop

Extropian does not believe or trust,

Extropian does not believe or trust

Extropian knows, Extropian knows

Extropian wants to know you more

Extropian wants to know you more

Nothing burns like information anxiety

Upload, upload, upload, upload

Move away from the target,

Amplify ethylene hormone

C_2H_4

The fruit will ripen

Extropy head generates novelty,

breeds complexity

produces information

produces anxiety

One bad apple rots the whole crop

4. negative-negative-positive loop

Count – 0,1,2,3,4,5,6,7,8,9,0,

1,2,3,4,5,6,7,8,9,0, etc…

Frozen water, ice melts, ocean warms, no ice,

Bit coin, block chain, bank chains, no bank,

5. Speed and stasis machine-loop

[Could make noise]

'Beep, blit, bop, beep, beep, etc...'

receptor (organ), stimuli (actions), effector
(organ), response (actions)

Receptor – Mind's Eye,

Effector – my binary mouth,

Stimulus is speed,

Response – go faster

I am a high frequency trader

I am a high frequency trader

I am a high frequency trader

I am a high frequency trader
