

## Neurotheme Sutra

here then  
form and empty  
empty and form  
hear then

mighty and neurotheme  
and poet-without-words  
crazy-stone-blank-the-shadow and on-wire  
conscious-it-ness-self-no  
and see-without-looking  
and hear-without-listening  
and talk-without-speaking  
and know-without-traveling

room-dark and dusk-noise-soft  
and twenty-hundred and hours  
charcoal-light and moving-black  
Sound and mellow and steady-flow  
and red-green and red-green  
and system-scene  
born-not and destroyed-not  
wax-not and wane-not

system-dance and leap and shake  
sharp and feeling and right  
sound-shape and tumbling-down  
making-movement and enuff-ruff  
vibrating-violence and move-not  
and emptiness and form-not  
and eye-ear-nose-tongue-not  
and colour-sound-smell-taste-not

hold-take-mind-'the-what'  
Drought and dry  
and root and out  
and become and stone  
mind and blank  
and kill-thought.  
and end and it  
and all-that-comes

and Blank-the-shadow and say  
'and policing-path and here'  
'and crash-all-blankness-language-virus'  
'bring-form and emptiness-not'  
and Blank and laugh and say  
and 'step-right-in and policing-path'  
'and get righteous and neuropath-licks'  
'and emptiness and form-not'

and yeah and yeah  
'and emptiness and form-not'  
and yeah and yeah  
'and heapa-licks' and repeat

yes and hours and beat  
and scene and moving and right  
and all-on-a-sudden  
ring-ping-thing and signal and screen  
'And?' say and system-systematic-kcuf-dik  
and feeling-right  
'Open-up-policing-path-here'  
and 'come-on-line and open-up'

'and-want?' and Blank-say  
and cop-path-say  
'System-Blank-we-have-your-meaning'  
and 'come-on-line and open-up'  
Blank-high and reply  
and 'fuck-clot-up and meaning'  
and yes and blank and say  
and 'step and right and in and take-some-licks'

and feel-nothing and nothing  
and nothing and nothing  
nar pain and cause  
nar cease and path
