

What is this THING – *MYTH-SCIENCE* - that all THIS has  
CONN-SERN-ED itself with?

What is it that has been DEMON-STRAIT-TED – proved – here  
this night in this PARR-TICK-KULARR set-up?

Tied-up-and-close-on mute – excepting the rude electro PROSS-  
THESIS that was INN-CERT-TEDD - my swollen lips  
testimony to my practice...

I have been drinking my fill, and watching through this colour-  
blurr of RIBB-BON I wear as memory of what was and what  
might be again...

I will now report on what it is that I have seen and UNDER-  
STOOD so as to CLARIFY.

*Forst.* A new diagram has been etched on the planosphere – a  
new MODE-LING-LING-LING for those who need such things  
([shouted] AND WHO, I ASK, WOULD BE THE  
EXCEPTION HERE, HUH??).

we have summoned here a host of THINGS unwelcome  
elsewhere...anomalies and MIS-COMMUNICATIONS,  
homeless beings – all have been welcomed and allowed to  
play...some have mixed, some have knot, but all have paraded  
their wares for youz.

*Sekond.* Nothing has been neat-and-tidy and all-to-do here: gaps and FISH-URS have occurred and appeared. No surprises here as the BUSY-NESS of myth-science involves MESSY-NESS!

Noisey it haz been.

And how cud it be other? To make myth means to break a myth. WE is the world-breakers! [all titter].

*Furd.* As the dust of COM-BAT settles, the grey zone DISS-SEA-PATES and once again sides WILL be taken. We see who it is that has been our friendz and who it iz that has been our enemeez.

BUT things are not wot they were. All has been – how they say – REE-A-RANGED.

May-bee tis the drink but me FEELS like I is, now, MANY THINGS ALL-TOGETHER: all the names in history – and more: all the forests and sees – and more: the very COSMICK PART-TICK-KULS – the little tiny-weeny-crystals – from which all is formed - has become MANI-FEST afore mi eyes tonight.

HAS MYTH-SCIENCE EVER MEANT ANYTHING ELSE?
